

**Thursday 4th February 2010**

*The principles and application of  
LED technology – an interactive  
presentation and demonstration*

by Gary Morris, Trittech Design

**Held at the Bell at Belbroughton at 7.00pm (refreshments from 6.30pm)**

Gary Morris, Senior Partner of Trittech Design will present a demonstration of LED products and will host an open forum focusing on the features and benefits of LED technology. There will be a wide range of LED products on display and in live demonstrations, Gary will draw from his wide experience of applications of the technology in the real world.

All are welcome. Please advise David Bryan, Publicity Secretary, EI West Midlands & Mid Wales branch (e: [david.j.bryan@btinternet.com](mailto:david.j.bryan@btinternet.com)) of your intention to attend so refreshments etc can be arranged – we hope you can make every effort to attend.

Venue: Bell Inn, Stourbridge Road, Belbroughton, Nr. Bromsgrove DY9 9XU, t: +44 (0)1562 731928. Off junction 4 of the M5 motorway towards Hagley/Stourbridge on the A491 on the right hand side.
