INTERNATIONAL CONFERENCE ON ADVANCES IN RENEWABLE ENERGY TECHNOLOGIES

6TH - 7TH JULY 2010

PUTRAJAYA, MALAYSIA

ICARET 2010 - INTERNATIONAL CONFERENCE ON ADVANCES IN RENEWABLE ENERGY TECHNOLOGIES

Renewable Energy for a Carbon Constrained World

Introduction

Copenhagen did not see a binding agreement among the World's largest emitters of Green House Gases, yet we witnessed the Prime Minister of a small developing economy commit his nation to a 40 % reduction in carbon emissions by 2020. Renewable Energy is seen as the biggest contributor to this proposed reduction. Rising to the Prime Minister's challenge, the Centre for Renewable Energy (CRE) of University Tenaga Nasional (UNITEN), Malaysia, is organizing this Conference to provide a platform for researchers, industries and other stakeholders to explore the possibilities of new advancements in Renewable Energy Technologies. This conference is supported by Tenaga Nasional Berhad and its subsidiary Tenaga Nasional Research Sdn Bhd. An exhibition on renewable energy will also be held at the conference site which will encompass relevant institutions and industry players.

Objectives

The primary objective of ICARET 2010 is to provide an intellectual forum for exchange of knowledge and information in relation to latest developments in renewable energy, as well as its related and enabling technologies. The conference benefits academics aspiring to provide a noble solution for the energy sustainability of mankind, as well as industries looking for economically sustainable renewable alternatives.

Subject Coverage

1. Biomass / Bio-fuel
2. Solar
3. Wind
4. Hydro
5. Nuclear
6. Fuel Cell
7. Hydrogen
8. RE Enabling Technologies
9. RE Policy and Economics
10. RE business Opportunity

Information for Authors / Important Dates

Call for papers: **28/02/2010**

Abstracts submission: **7/04/2010**

Notification of acceptance: **15/04/2010**

Full paper submission: **15/05/2010**

Authors are kindly requested to submit the abstract and full paper upon acceptance by the stipulated due date to: cre@uniten.edu.my. Upon reviewing by conference reviewers, the final paper including revision based on reviewers comments shall be submitted by **15th June 2010**. Selected papers will be published in the **Journal of Energy and Environment**.
