

Oil and Gas Training 2010

Oil, gas and energy industry portfolios

Key

- Oil, gas and energy industry general portfolio
- Gas portfolio
- Refining portfolio
- Economics portfolio
- Trading portfolio
- Upstream portfolio
- Financial and contracts management portfolio

Oil, gas and energy industry general portfolio

| | |
|-----------------|---|
| 2-4 March | Oil and Gas Industry Fundamentals |
| 9-11 March | Acquiring and Divesting Oil and Gas Assets and Companies |
| 20-22 April | Exploration and Production For Oil and Gas: Technical and Commercial Approaches |
| 18-21 May | Oil and Gas Industry Fundamentals |
| 7-10 June | Portfolio Management of Oil and Gas Assets |
| 14-17 June | Excel Analysis of Oil, Gas and Power Supply Chains NEW |
| 21-23 June | Negotiating Techniques for the Oil and Gas Industry |
| 19-22 July | Geopolitics and Risk in the Oil and Gas Industry |
| 13-15 September | Project and Operations Management Along Oil and Gas Supply Chains |
| 21-23 September | Oil and Gas Industry Fundamentals |
| 27-30 September | Supply and Distribution: Organisation, Operations and Economics |
| 5-7 October | Aviation Jet Fuel |
| 12-15 October | Safety in Refinery and Petrochemical Plant Operation |
| 26-28 October | Strategic Management of Oil and Gas Assets and Companies |
| 1-3 November | Acquiring and Divesting Oil and Gas Assets and Companies |
| 4 November | Overview of the International Upstream Oil and Gas Industry |
| 16-18 November | Valuation and Risk Analysis of Oil and Gas Assets |
| 22-25 November | Oil and Gas Industry Fundamentals |

Gas portfolio

| | |
|----------------|--|
| 22-25 February | Practical Workshop: Economic Analysis of Natural Gas Supply Chains |
| 16-19 March | Fundamentals of the Natural Gas Industry |
| 30-31 March | Global LNG Markets, Pricing and Competition |
| 14-17 June | Trading and Price Risk Management in Gas and Power |
| 8-11 November | Fundamentals of the LNG Supply Chain |

Refining portfolio

| | |
|---------------|--|
| 12-15 October | Safety in Refinery and Petrochemical Plant Operation |
| 4-7 May | Fundamentals of Petroleum Refining Processes |
| 19-22 October | Planning and Economics of Refinery Operations |
| 1-3 December | Economics of Refining and Oil Quality |

Economics portfolio

| | |
|----------------|--|
| 22-25 February | Practical Workshop: Economic Analysis of Natural Gas Supply Chains |
| 12-16 April | Economics and Trading of the Oil Supply Chain |
| 11-15 October | Economics and Trading of the Oil Supply Chain |
| 19-22 October | Planning and Economics of Refinery Operations |
| 16-18 November | Valuation and Risk Analysis of Oil and Gas Assets |
| 1-3 December | Economics of Refining and Oil Quality |

Trading portfolio

| | |
|------------------------|--|
| 12-16 April | Economics and Trading of the Oil Supply Chain |
| 19-23 April | Trading Oil on International Markets |
| 7-11 June | Price Risk Management in the Oil Industry |
| 14-17 June | Trading and Price Risk Management in Gas and Power |
| 11-15 October | Economics and Trading of the Oil Supply Chain |
| 18-22 October | Trading Oil on International Markets |
| 29 November-3 December | Price Risk Management in the Oil Industry |

Upstream portfolio

| | |
|-------------|---|
| 20-22 April | Exploration and Production For Oil and Gas: Technical and Commercial Approaches |
| 4 November | Overview of the International Upstream Oil and Gas Industry |

Financial and contracts management portfolio

| | |
|----------------|--|
| 13-15 April | Practical Workshop: Building Excel Models of Oil and Gas Fiscal Terms NEW |
| 5-7 July | Financial skills for non-financial managers |
| 12-15 July | International Upstream Fiscal Terms and Contract Negotiations |
| 16-18 November | Valuation and Risk Analysis of Oil and Gas Assets |
